It's raining...

I'm really sorry, calling you to come out on a day like this...

You don't mind?
There's okay, rain in this season will stop after a little while.

A little, thank you
Make that two...
Ice water, thank you.

Why, you have something to do after this?
And No, not really....

It's just that I started to have dinner with someone later.

A couple of days back, when the friends were talking about their meeting senior thing...

I...

...decided to push it back half a year

Push it back? Is it because...
No, don't misunderstand...

It's because Xiao Liang is starting at the head office for half a year, starting next month...
Head office?

It's just a necessary step.
So that's why...
This was actually already decided last year.
buzz

Then he must be very busy...
buzz

I'm sorry...

Ah...

Ah~
Oh no...

It's raining harder now...

It's not going to keep raining until tomorrow, is it...?

Rain on a Monday makes people not want to do anything even more. I just want to head back home and sleep...

It's all right for me.

The AV becomes more refreshing after the rain.

Really?

Why do I recall that when it rained during college you would always sleep in until the afternoon, skipping all of your classes...?

I didn't!

That must be Kao Gu! He always liked skipping class...

You two were double the same in that regard! It was always me who helped you guys with the attendance calls.

Why do I remember answering roll calls for him?

If you hadn't mentioned it, I was really going to forget all of this.

It always seems like college was just yesterday, but it's already been almost ten years...

It's been exactly ten years...

Almost forgot something important.

You can't run on time this year...!

Our ten year graduation reunion.

This time, it's been organized by Wu Di, he's been pretty busy because he just became a father.

What did he get married?!

Didn't he always say that he only believed in the bachelor life?!

Well, now he's completely a family man, and he's even started using a stroller with her showing off his daughter's pictures.

He used to say that he hated people who post about their kids or cats...

Haha! His daughter looks just like him!

Xin Zhuang will be coming this time too...

Who came back to China?

Yes, definitely she's going to further her senior here.

I can't believe it, I don't see or talk to her for almost ten years, to let the first to watch concern...

How about Meng Meng? Is she going too?

Of course, who said she's going to bring her big dang...

So fast...

Ten years have passed in the blink of an eye.

Everyone has changed so much.

Are you going this year?

You haven't come these past few years, everyone really misses you...

I... We...

Let me reply to a text first, just a moment.

Where were we, I don't seeing that you...

Yeah...

Is it her?

Mmhm.

...Oh... Of course...

No wonder you've been in a good mood lately...

How is it? Everything going smoothly?

Hi!

Wa.....

We currently...

Live together.

Really... So it's like that...

Then that's good...

You've always been a little scatter-brained, going through life a little purposeless...

I am more always knowing that there's someone taking care of you.

I...

I'm sorry.....

It's getting late.

I have something else...

Do you have to go now?

I made an appointment with someone else later...

It's still raining so hard, don't until it's lighter!

Or wait for me for a moment, I can take you back...

That won't be necessary, thank you

That year's kindness, thank you for your invitation...

I will definitely go.

When we have time, we'll go to it again...

Swoosh

@Lao五菜

Welcome!
May I ask how I can help you?
Ah... No... It's raining outside...
Please dry up first!
Rain this year is so heavy! It's raining so much in the afternoon session...
Thank you...
We just got a stock of this notebook, would you like to take a look?
Oh, then it must be a minister's child!
My master's kid is also starting middle school this year! But time sure too awful, I wouldn't buy him any gifts..
Lucky for them to have an auntie like you!
Can you please let me finish...?
All of these are new items in our store...
These are all imported items, namely, of better quality than online.
Environmentally conscious me spoke!
Pardon me, I was wondering.
If you have anything that's subject to me going to a high school girl...
You should be the right person!
I'm super-n touch with what high school girls like!
Does she like any idol dramas or singers?
That... I'm not too sure, it doesn't seem like she especially likes any...
Does she like cake or dogs more?
Then what kind of books or manhua does she usually buy?
Dogs...? I'm not too sure...
Is that so...? Then...
What's her zodiac sign?
What's her blood type?
.....
Is she a relative you aren't too close with?
How come you don't know anything about her?
Do you really know her?

How much do you really know...?

About her background?

Aren't you just being impulsive?

I really don't want to see you getting hurt...

What kind of family does she have...?

What kind of friends...?

Do you know all of this??

You're letting a stranger you know nothing about live with you...

She...

Sometimes, she'll hide...

A few pieces of her favorite candy in my pockets.

When she's eating a sandwich, she tries to take it apart.

Ahh shit. It tryin' ay over...

The messages she sends me never have the appropriate punctuation marks.

Just a bunch of exclamation marks that make you have to guess if she's happy or annoyed...

Even though her own bookbag is always a mess,

She likes to organize my bookshelf...

Even when she's so tired that her eyes won't open,

She will still keep me company to watch really boring and really long old movies....

Also...

Every person...

Starts out as a stranger.

I don't know if this is just an impulse.

But I know how important she is to me now...

I just want to grasp on tightly.

That'd be enough...

Did you choose something that you're satisfied with? Do you need me to?..?

No, thank you

Can I borrow some tea?

I already found it.

I found the gift I would like to give her the most.

Why didn't you wait for me to get you?

I knew you forgot your umbrella again...

Running around like that in the rain.

Gladiolus's got dark eyes...

Thus...

It's for you.

Why are you suddenly giving me a gift?

It today a special day...?

...

Go away~ I'm not a cat! You're making fun of me again...

Open it first...

WHAT? Is there something else inside...?

Then, time to...

my home

For me...

Let's go.

Let's go home.

Yeah!

Back?

Have you eaten?

I ate with a friend you?

I'm not staying. I'm meeting with Director Lu later.

There's still some leftovers in the refrigerator, I can make some noodles for you.

Let me change out of my clothes ..

I'll be really quick...

click

What's wrong?

Did I hurt you...?

I'm sorr...

Mei Mei...

Will you always love me?

If I become old, turned ugly...

Would you still love me?

If I did something that disappointed you ...

Would you still love me?

If, one day...

I became the kind of person you hate,

Would you still love me all the same ..?

I would.

No matter what happens.

I will always love you...

I promise.
